

Railway Operations

Course Name

Becoming a Remote Pilot for Network Rail

Course Description

The 'Becoming a Remote Pilot for Network Rail' course has been developed for colleagues interested in volunteering as a Remote Pilot for Network Rail. This course is a prerequisite to enrolment onto a General Visual Line of Sight Certificate (GVC) course. This course introduces the responsibilities of a Remote Pilot, including some of the regulations, standards and procedures that govern the use of drones, and serves as a useful future resource following qualification as a Remote Pilot.

This course includes a Pre-GVC Remote Pilot eLearning section, followed by a Pre-GVC Remote Pilot - Knowledge Assessment section.

- This course will not award a competence.
- While this course does not award a competence, it is designed so you can make an informed decision on whether this is right role for you.
- This course will also guide you on the steps you need to take to become a Remote Pilot for Network Rail.

Audience

Colleagues interested in volunteering as a Remote Pilot for Network Rail.

Duration: 45 Minutes Day(s) **Class Size:**
