

# Signal Engineering

**Course Name**

ETCS System Fundamentals Overview

**Course Description**

The ETCS System Fundamentals Overview covers some of the content of System Fundamentals 1 and 2 but does not go into the same amount of detail. It is particularly aimed at providing sponsors and senior programme management, with information and guidance when developing requirements to ensure the benefits of deploying ETCS are realised efficiently.

**Audience**

Scheme Designers Project Engineers Test and Commissioning Engineers Other technical roles working on ETCS schemes

**Duration:** 1 Day(s) **Class Size:**
