Course Name

Face Fit Briefing: Module 3 Face Fit Testing

Course Description

Learn about the dangers associated with respiratory hazards, how to mitigate the risks by using simple steps and how to test tight fitting RPE.

Audience

This course is aimed at Network Rail Personnel and those who work across the rail industry: - who are responsible employees required to wear Respiratory Protective Equipment (RPE); -who will need to perform a face fit test. This module, along with the two preceding modules must be undertaken by those identified to become a Face Fit tester. Upon completion of this, a practical session must be booked and attended in order to gain the face fit tester competence. The module identifies the ways in which this must be achieved. Not for office-based staff.

Duration: 0.5 Day(s) **Class Size:** 1
