

Railway Operations

Course Name

LCM4 Level Crossing Manager - Responding to Incidents

Course Description

This online course showcases some of the main aspects of how a Level Crossing Manager responds to incidents. It also highlights how a professional approach to incident response helps ensure the safe running of the network. The overall aim of this training is to ensure that level crossing managers can identify and apply good practice when responding to a range of incident types.

Audience

New and existing Level Crossing Managers (LCM).

Duration: 0.25 Day(s) **Class Size:**
