NetworkRail

Track Safety

Course Name

Lookout

Course Description

The Lookout is crucial in maintaining a safe system of work when appointed by a Controller of Site Safety (COSS). This course covers the duties, roles and responsibilities of a Lookout. This includes the procedures to be followed when acting as a Lookout, the responsibilities of a Lookout when acting as a Site Lookout, Intermediate Lookout and Distant Lookout and the equipment required when acting as a lookout and the methods of warning to be used.

Upon successful completion of the course:
1. Delegates Sentinel card will be endorsed with LKT
2. The successful candidate will also be issued with a work experience logbook
3. Interim assessment will take place after 12 months
4. Delegates must have 6 logbook experiences recorded within the 12 months or the competence will be withdrawn

Audience

This course is designed for delegates who are required to undertake Lookout activities on the Network Rail infrastructure.
